

**Recognize those outstanding NCAMP members of our industry!**

**(Deadline for submission is Friday, February 8, 2008)**

An organization cannot be successful without the diligent efforts of its membership. NCAMP includes brokers and affiliate members who devote a tremendous amount of time to our industry. Each may have a different objective. Some strive to provide leadership, others to promote our image, keep us up-to-date on legislative issues or educate our members. It takes the efforts of many to be successful.

We want to recognize these NCAMP players at our annual meeting this winter. Please nominate individuals who you feel have gone beyond the call of duty and share with us the accomplishments that support your nomination. **Nominations without supporting details, will not be considered.**

**Broker of the Year:**

This is the broker/principal/owner who overall contributes the most to the industry. It is not based solely on their overall personal success as a company but also on their commitment to the Association on both a local and national level. Any accomplishments they may have such as volunteer recognition on a local level, as well as any educational designations may be included for consideration. This individual is one who aspires to not only personal and professional excellence but does so in an ethical and forthright manner. It is the broker who goes above and beyond for their company, their industry, and their association.

\_\_\_\_\_

**Affiliate of the Year:**

In recognition of the Individual Affiliate who contributed the most to the industry and the association as a whole. The contributions could be both financial and/or time given. It is the representative who was available to their clients and association when called upon. They may have been for example a staunch supporter of the legislative initiatives facing North Carolina on the association's behalf or possibly an advocate for education.

**Wholesaler of the Year:**

In recognition of the Wholesale Corporation that has continually contributed to the betterment of the overall industry. The company has gone to the extra mile to provide education, service, support, programs, and innovative technological advances that make our industry a better place to conduct business. Their commitment to the Mortgage Brokerage industry incorporates a concern and dedication for each and every transaction. This Wholesaler should be thought of as an extension of your own company taking pride and ownership in not only how well they do, but how well you do.
