

Senator [Insert your State Senator's Last Name]:

I live, work and vote in your district. HB 1222, if not amended to conform to Federal law, will hurt me, all who work in the lending and housing industries in your district, and many of your constituents who seek to obtain mortgage financing.

I have attached a position paper from the North Carolina Association of Mortgage Professionals regarding HB 1222. I appreciate your taking the time to review it.

If you have further questions, someone from the North Carolina Association of Mortgage Professionals will be available to you at 919 783-0767.
